## AN ACT

To establish certain National Heritage Areas, and for other purposes.

1       *Be it enacted by the Senate and House of Representa-*  
2   *tives of the United States of America in Congress assembled,*

1     **TITLE I—NATIONAL AVIATION**  
2                     **HERITAGE AREA**

3     **SEC. 101. SHORT TITLE.**

4             This title may be cited as the “National Aviation  
5     Heritage Area Act”.

6     **SEC. 102. FINDINGS AND PURPOSE.**

7             (a) FINDINGS.—Congress finds the following:

8                     (1) Few technological advances have trans-  
9             formed the world or our Nation’s economy, society,  
10            culture, and national character as the development  
11            of powered flight.

12                    (2) The industrial, cultural, and natural herit-  
13            age legacies of the aviation and aerospace industry  
14            in the State of Ohio are nationally significant.

15                    (3) Dayton, Ohio, and other defined areas  
16            where the development of the airplane and aerospace  
17            technology established our Nation’s leadership in  
18            both civil and military aeronautics and astronautics  
19            set the foundation for the 20th Century to be an  
20            American Century.

21                    (4) Wright-Patterson Air Force Base in Day-  
22            ton, Ohio, is the birthplace, the home, and an inte-  
23            gral part of the future of aerospace.

24                    (5) The economic strength of our Nation is con-  
25            nected integrally to the vitality of the aviation and

1 aerospace industry, which is responsible for an esti-  
2 mated 11,200,000 American jobs.

3 (6) The industrial and cultural heritage of the  
4 aviation and aerospace industry in the State of Ohio  
5 includes the social history and living cultural tradi-  
6 tions of several generations.

7 (7) The Department of the Interior is respon-  
8 sible for protecting and interpreting the Nation's  
9 cultural and historic resources, and there are signifi-  
10 cant examples of these resources within Ohio to  
11 merit the involvement of the Federal Government to  
12 develop programs and projects in cooperation with  
13 the Aviation Heritage Foundation, Incorporated, the  
14 State of Ohio, and other local and governmental en-  
15 tities to adequately conserve, protect, and interpret  
16 this heritage for the educational and recreational  
17 benefit of this and future generations of Americans,  
18 while providing opportunities for education and revi-  
19 talization.

20 (8) Since the enactment of the Dayton Aviation  
21 Heritage Preservation Act of 1992 (Public Law  
22 102-419), partnerships among the Federal, State,  
23 and local governments and the private sector have  
24 greatly assisted the development and preservation of  
25 the historic aviation resources in the Miami Valley.

1           (9) An aviation heritage area centered in  
2 Southwest Ohio is a suitable and feasible manage-  
3 ment option to increase collaboration, promote herit-  
4 age tourism, and build on the established partner-  
5 ships among Ohio’s historic aviation resources and  
6 related sites.

7           (10) A critical level of collaboration among the  
8 historic aviation resources in Southwest Ohio cannot  
9 be achieved without a congressionally established na-  
10 tional heritage area and the support of the National  
11 Park Service and other Federal agencies which own  
12 significant historic aviation-related sites in Ohio.

13           (11) The Aviation Heritage Foundation, Incor-  
14 porated, would be an appropriate management entity  
15 to oversee the development of the National Aviation  
16 Heritage Area.

17           (12) Five National Park Service and Dayton  
18 Aviation Heritage Commission studies and planning  
19 documents: “Study of Alternatives: Dayton’s Avia-  
20 tion Heritage”, “Dayton Aviation Heritage National  
21 Historical Park Suitability/Feasibility Study”, “Day-  
22 ton Aviation Heritage General Management Plan”,  
23 “Dayton Historic Resources Preservation and Devel-  
24 opment Plan”, and Heritage Area Concept Study,  
25 demonstrated that sufficient historical resources

1       exist to establish the National Aviation Heritage  
2       Area.

3           (13) With the advent of the 100th anniversary  
4       of the first powered flight in 2003, it is recognized  
5       that the preservation of properties nationally signifi-  
6       cant in the history of aviation is an important goal  
7       for the future education of Americans.

8           (14) Local governments, the State of Ohio, and  
9       private sector interests have embraced the heritage  
10      area concept and desire to enter into a partnership  
11      with the Federal government to preserve, protect,  
12      and develop the Heritage Area for public benefit.

13          (15) The National Aviation Heritage Area  
14      would complement and enhance the aviation-related  
15      resources within the National Park Service, espe-  
16      cially the Dayton Aviation Heritage National Histor-  
17      ical Park, Ohio.

18      (b) PURPOSE.—The purpose of this title is to estab-  
19      lish the Heritage Area to—

20          (1) encourage and facilitate collaboration  
21      among the facilities, sites, organizations, govern-  
22      mental entities, and educational institutions within  
23      the Heritage Area to promote heritage tourism and  
24      to develop educational and cultural programs for the  
25      public;

1           (2) preserve and interpret for the educational  
2           and inspirational benefit of present and future gen-  
3           erations the unique and significant contributions to  
4           our national heritage of certain historic and cultural  
5           lands, structures, facilities, and sites within the Na-  
6           tional Aviation Heritage Area;

7           (3) encourage within the National Aviation  
8           Heritage Area a broad range of economic opportuni-  
9           ties enhancing the quality of life for present and fu-  
10          ture generations;

11          (4) provide a management framework to assist  
12          the State of Ohio, its political subdivisions, other  
13          areas, and private organizations, or combinations  
14          thereof, in preparing and implementing an inte-  
15          grated Management Plan to conserve their aviation  
16          heritage and in developing policies and programs  
17          that will preserve, enhance, and interpret the cul-  
18          tural, historical, natural, recreation, and scenic re-  
19          sources of the Heritage Area; and

20          (5) authorize the Secretary to provide financial  
21          and technical assistance to the State of Ohio, its po-  
22          litical subdivisions, and private organizations, or  
23          combinations thereof, in preparing and implementing  
24          the private Management Plan.

20   National Register of Historic Places, and designated  
21   by the Governor of Pennsylvania as one of the State  
22   Heritage Park Areas, is a region with tremendous  
23   physical and natural resources and possesses a story  
24   of State, national, and international significance.

1           (2) The single event of Colonel Edwin Drake’s  
2     drilling of the world’s first successful oil well in  
3     1859 has affected the industrial, natural, social, and  
4     political structures of the modern world.

5           (3) Six national historic districts are located  
6     within the State Heritage Park boundary, in  
7     Emlenton, Franklin, Oil City, and Titusville, as well  
8     as 17 separate National Register sites.

9           (4) The Allegheny River, which was designated  
10    as a component of the national wild and scenic riv-  
11    ers system in 1992 by Public Law 102–271, tra-

21    past for visitors, as do the historic valley settle-  
22    ments, riverbed settlements, plateau developments,  
23    farmlands, and industrial landscapes.

24          (7) The Oil Region also represents a cross sec-  
25    tion of American history associated with Native

1 Americans, frontier settlements, the French and In-  
2 dian War, African Americans and the Underground  
3 Railroad, and immigration of Swedish and Polish in-  
4 dividuals, among others.

5 (8) Involvement by the Federal Government  
6 shall serve to enhance the efforts of the Common-
